PROFILE

Bachelor's Degree (S1) graduate in Information Systems (GPA 3.17) with a focus on web application development using PHP, CodeIgniter, and Laravel. Familiar with MVC patterns, the SDLC cycle, MySQL databases, and Git version control. Accustomed to preparing structured technical documentation, debugging, and applying analytical skills from research and data processing. Adaptive, quick to learn, and ready to contribute as a Software Engineer.

EDUCATION

UNIVERSITAS AMIKOM YOGYAKARTA **2022-2026**
Bachelor's Degree (S1) in Information Systems | GPA: 3.17/4.00

- **Field of Study:** Systems Analysis, Information Security, and Software Engineering.
- **Final Project:** Development of a Python-based Recommendation System with TF-IDF and Cosine Similarity

PROJECT EXPERIENCE

Point of Sale (POS) Application Development **2024**

- Developed a cashier application and landing page for an F&B business using PHP with the CodeIgniter 3 framework and MVC pattern.
- Built responsive interfaces using Bootstrap and Tailwind CSS as well as interactive JavaScript features.
- Designed and managed MySQL databases, including writing join and aggregation queries for transaction and reporting needs.
- Managed project version control with Git/GitHub and applied the SDLC workflow from design through functional testing and bug identification.

Recommendation System Development (Final Project / Thesis) **2026**

- Designed and executed classification scripts using the Python programming language.
- Performed data analysis and system evaluation using TF-IDF, Cosine Similarity, and Precision@K.
- Responsible for technical documentation, revision logs, and thesis defense presentation materials.

SKILLS

- **Backend:** PHP (OOP), CodeIgniter 3 & 4, Laravel, MVC
- **Database:** MySQL, SQL (joins, aggregation, query optimization)

- **Front-end:** HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS
- **Tools:** Git & GitHub, Debugging, System Analysis
- **Soft Skills:** Analytical Thinking, Problem Solving, Adaptability, Teamwork, Time Management

CERTIFICATIONS

- JavaScript Essentials 1 - Cisco (2026)
- Python Essentials 1 - Cisco (2026)
- JavaScript Programming Basics - Dicoding (2026)
- Getting Started with Python Programming - Dicoding (2026)

LANGUAGES

- **Indonesian** - Active (Spoken & Written)
- **English** - Intermediate
